Experience

FOUNDER ENDBYTE STUDIOS
March 2025 - Present

Led the development of a community-driven educational platform focused on providing free, high-quality tech education to students. Oversaw curriculum design, community growth, and technical infrastructure, while mentoring learners in full-stack development, open-source contributions, and software engineering.

FOUNDER AVLANC CLOUD
Jan 2025 - Present

Established a hosting brand offering scalable cloud and web server solutions. Designed and deployed automated server management systems, implemented security protocols, and managed domain, DNS, and SSL services. Handled client relations and maintained consistent uptime and performance standards.

AI/ML INTERN BLEND VIDYA EDTECH.
Nov 2024 - April 2025

Developed a cyberbullying tweet classifier using machine learning techniques and natural language processing. Handled data preprocessing, feature extraction, model training, and evaluation to deliver a functional text classification tool aligned with online safety objectives in the EdTech domain.
